Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 02 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showery outbreaks of rain, locally heavy.

This Evening and Tonight:
Cloud will increase from the south during the evening with outbreaks of rain, at times heavy spreading northeast through the night with the odd rumble of thunder possible. A breezy night with the chance of fog patches in prone spots. Minimum temperature 3 deg C (37 deg F).

Wednesday:
Rather cloudy with outbreaks of showery rain, locally heavy through the day. Turning brighter in the far southwest later with the heaviest rain clearing the east during the evening. Maximum temperature 13 deg C (55 deg F).

Outlook for Thursday to Saturday:
Cloudy with a few sunny spells on Thursday and the odd spot of rain. Plenty of sunny spells on Friday and Saturday, but with the risk of overnight frosts.
